Our student council is a very important and outstanding organization in the school; it represents the student body. This council, composed of class officers and representatives from each homeroom, is a form of student government.

Among the many activities sponsored by the Student Council, the major one was the Homecoming Festivities including a dance afterward.

Coach of the Year

Mr. Damron, the student body appreciates the wonderful job you have done with the football team. Since you took over, you brought the team from a losing spot up to contention with the best teams. We know you could not have been successful without the right boys, but they could not have succeeded without a coach who knew what to do, no matter what the situation. Congratulations, COACH OF THE YEAR! The S.O.C. Coaches could not have made a better choice.

Cheerleaders

Mrs. Peebles, Sponsor

The cheerleaders achieved much success and praise from the students, faculty, basketball, and football players in their ability to cheer. Their never-failing spirit, even when the chips were down, led to their success and to the success of the team. The students and all who have seen them can't help being proud of them.

They attribute their success to Mrs. Peebles, the cheerleading sponsor. She was always willing to devote her time to make a good thing better. Her radiant smile reflects her personality.

Senior Trip

At long last that exciting day arrived! On May 13, we embarked on our senior trip to the Henry Ford Museum and Greenfield Village, in Dearborn, Michigan. Leaving Valley High around midnight, we were in high spirits despite the late hours. We became more excited as the buses left Lucasville, and headed up the highway toward Columbus, our first stop on the long journey.

Breakfast became a new experience for us when we ate in a plush restaurant in Dearborn. Next on the menu -- our sightseeing tour. It wasn't easy trying to cram into one day all the beautiful, historic things surrounding us. At the Ford Museum, we saw in pictures, writings, and exhibits, the rich full life of that well-known American, Henry Ford. Next we visited Greenfield Village, where we viewed the homes of many historically famous personalities, and caught a glimpse of how people lived in early times. These glimpses included a visit to Thomas Edison's Laboratories as well as demonstrations on the art of glass blowing and the making of horseshoes. We were also busy spending the $5 given us from the class treasure.

We stopped for supper in Toledo, and we were each given $2 to pay for it. We ate heartily for we had a busy day.

After boarding the buses again, the evening commenced with a riotous squirt-gun battle, but ended on a quiet note as we sang songs, and faced the realization that this was the last day we would be together to share such fun.

Tomorrow -- practice for commencement; then home at noon, we hoped for a much needed rest following a long-awaited day.

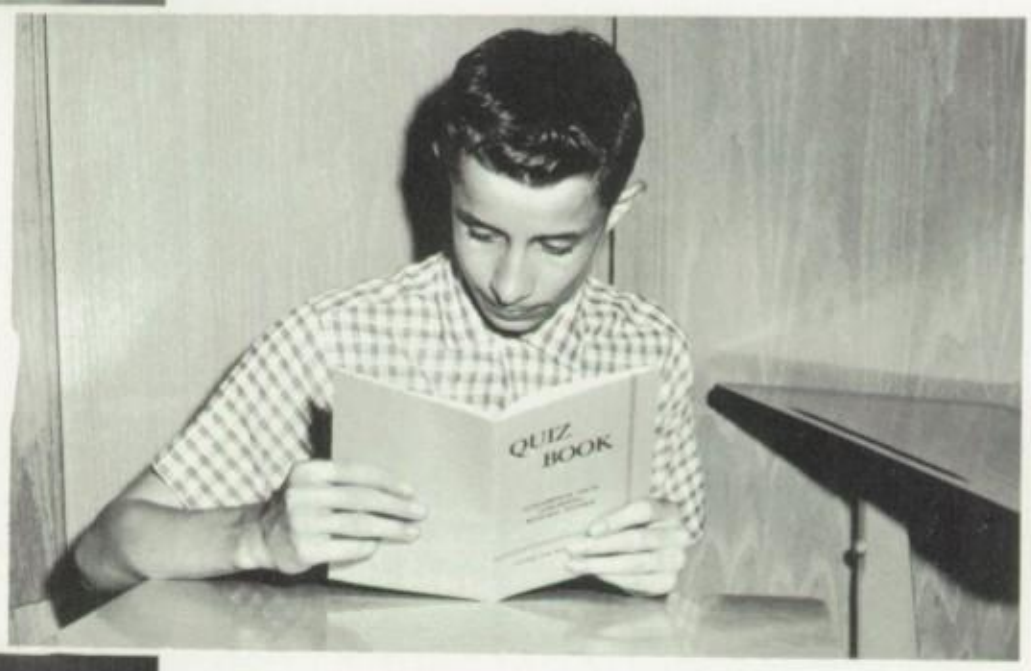
Firsts for

Mrs. Day's Home Ec. girls were host to the all-county Home Economic Style Show which gave the girls an opportunity to display their creations before an interested student body.

Here, study pays off!

Gayle McCarty won the county wide temperance test which won him a trip to Washington D. C.



"Practice makes perfect"

Thanks to Mrs. Phillips' superb guidance; Thelma Rockwell, became the county's typing champion and won an Underwood typewriter.

Thelma competed with other expert typists within the district.

Valley High

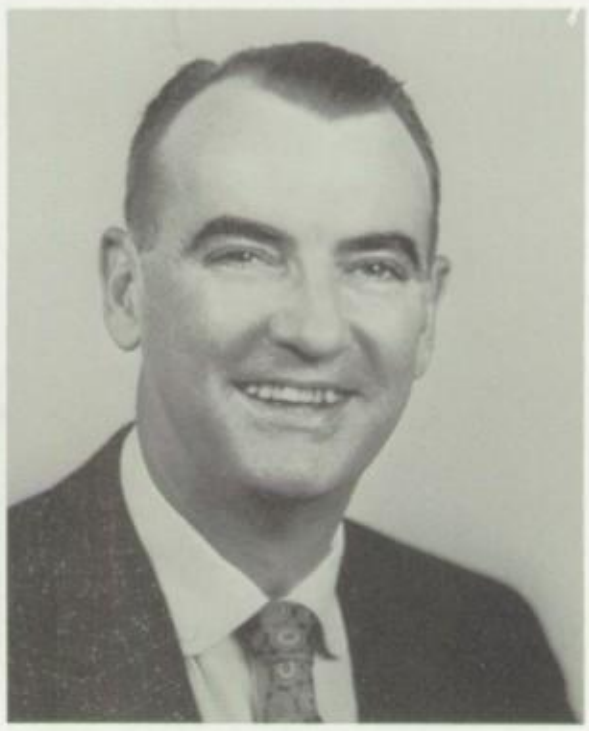
All of the school personnel who attended the state-wide Drive-In Conference went away with the feeling that they had taken another step to improve professionalism and instruction.

On the evening of April 19, the community enjoyed another colorful County Music Festival. Each school was represented either vocally or instrumentally. Dr. Gilbert A. Stephenson, Prof. Charles Minelli and Dale Gillette added to the festivities.

School Board

A half-dozen men "behind the scenes" faced with dozens of decisions.

They are elected by the voters of our school district to represent them in school affairs. They are completely responsible for the operation of Valley High.



E. R. McCowen -- B.S. Ohio University, M.A. Northwestern University.

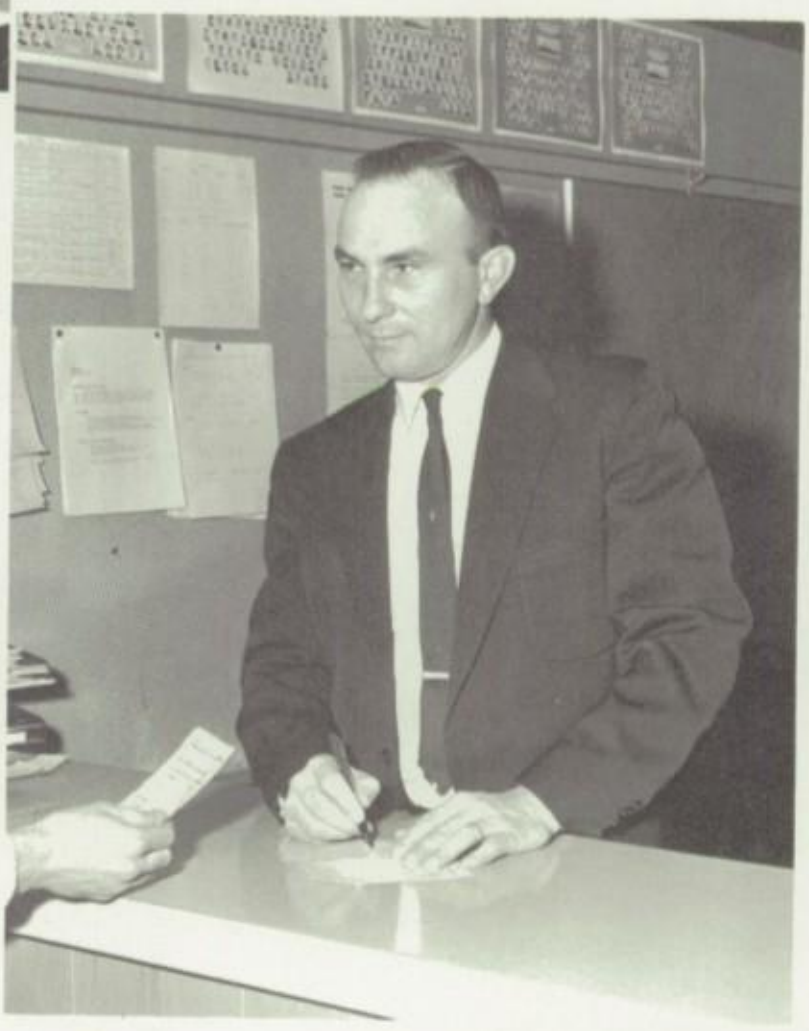
Mr. McCowen recently said in a statement to us: "Our challenge for the future, as in the past, is to see to it that each student enjoys equal opportunities for fulfilling their educational needs as individuals in the democratic society which is America."

DALE GILLETTE -- High School Supervisor

FRANK TAYLOR -- Assistant Superintendent

RICHARD H. FENTON -Executive Head -- B.S. Wilmington College M.A. Marshall University and is presently doing graduate work on his doctorate degree.

Mr. Fenton's sincere and enthusiastic leadership stimulates co-workers and students to think, evaluate and make decisions that will help them reach their goals. He emphasizes that there is no substitute for hard work.



JAMES A. YOUNG -Principal -- B.S. Ohio State University, M.A. Marshall University.

We admire Mr. Young's patience as he listens to various reasons that warrant his issuing admission slips.

He implies a love of learning, and adds another "r" of respect. Mr. Young respects the needs and differences of each individual. In return, he receives the respect of students and teachers.

MRS. DOROTHY MILLAR-- Our proficient secretary, Mrs. Millar, begins her well-planned duties by preparing the daily attendance report.

"MISS PORTSMOUTH NATIONAL GUARD"

Miss Donna Venturino

Donna was selected as Miss Portsmouth National Guard for 1963 on February 9. She competed with twenty-one different girls from all over Scioto County. She will reign for one year and her duty is to appear with the Guard.

How Much Is $165,000,000?

When the current expansion and modernization program is completed at its Portsmouth Division, Detroit Steel Corporation will have spent over $165,000,000 in its determination to make this southern Ohio steel mill one of the finest, best equipped, most competitive such plants in the nation.

That's a lot of money.

For example, had a man who was living when Christ was born, continued to live until today, and had he spent $225 every single day during all those long years, he would still not have spent that much money.

One hundred and sixty-five million dollars . . . the savings of thousands of ordinary people who, believing in the American Way, have become part owners in American Industry . . . plus the "plowed back" earnings of the company . . . all that money, within the next few years, will have been invested in the future of the Greater New Boston - Portsmouth Area to provide jobs and security for its citizens.
